d. Discussion of issues relating to accomplishment of objectives

(1) Objective AS7502

We have submitted a revised objective and a new action plan aimed at systematic development of an Agency-wide MBO training program. DDA approval is requested.

On 31 October OTR forwarded a memo offering three MBO training options for the DDA. Upon selection of an option, or a combination of options, an additional objective and action plan confined to DDA MBO training will be prepared.

(2) Objective B57501

A vacancy notice for Director, Center for the Study of Intelligence was circulated as approved in the last Management Conference. We have received responses from two highly-qualified applicants. The positions within OTR which can be allocated to the Program have been identified. Personnel have not been assigned and no substantive progress has been made. We have submitted a new action plan which reflects a more realistic appraisal of our status.

e. Other items of special interest

(1) Work plans and schedule at the Domestic Training Station for the Military Operations Training Course (MOTC).

(2) OTR's MEO Affirmative Action Plan.
